

WE CLAIM:

5

1. A preparation which comprises sorbic acid, at least one acid which is liquid at room temperature ($\approx 23^{\circ}\text{C}$) and at least one other organic acid, different from sorbic acid, which is solid at room temperature ($\approx 23^{\circ}\text{C}$).

10

2. The preparation as claimed in claim 1, wherein it additionally comprises a carrier.

3. The preparation as claimed in claim 1, wherein the preparation comprises at least 80% by weight of acids.

15

4. The preparation as claimed in claim 1, wherein it comprises 10-50% by weight of sorbic acid (based on the preparation).

20

5. The preparation as claimed in claim 1, wherein it comprises >0-40% by weight (based on the preparation) of liquid acids.

25

6. The preparation as claimed in claim 5, wherein the liquid acid is selected from one or more of the following acids: propionic, acetic, lactic, valeric, formic, isobutyric, trimethylacetic, 2-methylbutyric, hexanoic, butyric, phosphoric, hydrochloric and sulfuric acids.

7. The preparation as claimed in claim 1, wherein it comprises >0 to 50% by weight (based on the preparation) of solid organic acids.

30

8. The preparation as claimed in claim 7, wherein the solid organic acid is selected from one or more of the following acids: fumaric, tartaric acid,

malic, succinic, adipic, ascorbic, gluconic, citric and amino acids.

9. The preparation as claimed in claim 2, wherein it comprises a maximum of 20% of carrier.

5

10. The preparation as claimed in claim 2, wherein the carrier is perlite (Perlstein, E 599).

11. A feed which comprises a preparation as claimed in claim 1.

10

12. A feed additive which comprises a preparation as claimed in claim 1.

13. The feed as claimed in claim 11, wherein it comprises 0.125 to 7.5% by weight (based on the feed) of the preparation.

15

14. Method of using a preparation as claimed in claim 1 in pig husbandry, comprising feeding the preparation to a pig.

15. Method of using a preparation as claimed in claim 1 in calf husbandry, comprising feeding the preparation to a calf.

20

16. Method of using a preparation as claimed in claim 1 in lamb husbandry, comprising feeding the preparation to a lamb.

25

17. Method of using a preparation as claimed in claim 1 in poultry husbandry, comprising feeding the preparation to a poultry.
